Updates for the GLA students: The Academic Advising Center operation

Dear GLA student

Responding to the Emergency Declaration issued by the Japanese Government, Ritsumeikan University has decided to close all campuses (OIC, BKC, Kinugasa, and Suzaku). This restriction applies not only to students but also to all staff & faculty. Though all staff & faculty will continue every effort to run the college as generally as possible, it must be expected the restriction will have impact on college operations. We ask for your cooperation and understanding during this difficult time.

The Academic Advising Center will continue its operations to assist students via emails and/or other means of remote communication as necessary. If you have questions about academic planning or other academic concerns, please contact us at gla-aac@st.ritsumei.ac.jp. One of the academic advisors will respond to you within 48 working hours, except for the weekends and national holidays, typically between 9:00 a.m. to 5:30 p.m. Due to unforeseen circumstances and depending on the nature of your question, it may take longer to respond to your inquiry.

Please refer to the following list of on-campus and off-campus resources for more information.

We hope you will stay safe and healthy, and look forward to seeing you again on campus soon.

Sincerely,
The Academic Advising Center
