

About Extension of Residence Period

You may apply for a Residence Period extension beginning 3 months prior to the date of expiration listed on your Residence Card. If you exceed your authorized period of stay by even 1 day you will be considered an illegal alien, therefore, you must apply for an extension at the Immigration Bureau before the date of expiration.

In order to apply for an extension at the Immigration Bureau, the portion of application which must be completed by your school/organization (University) will be required in addition to the documents that students must prepare by themselves.

■ Things to Be in Mind

- Ritsumeikan University assists students only with extension of “Student” residence status.
- Please maintain good grades. Your request for Residence Status extension may be denied if your grades are very low or you have not earned sufficient credits.
- If the all documents were submitted and contain no errors, the application forms will be issued at BKC International Center for in-person pick up within approximately one week of your request being accepted. However, please note that it takes 2 to 3 weeks in the campus closing period such as summer holidays (middle of August) and winter holidays (end/beginning of the year).

■ Steps to Extend Your Period of Stay

(1) Request an issuance of the portion of Application part 1 and 2 (completed by school/organization).
