Admissions Guidelines

1. Admissions Policies

College of Global Liberal Arts

The College of Global Liberal Arts at Ritsumeikan University seeks students who have the following abilities, skills, interests, and aspirations:

- (1) Students who possess English language ability and basic academic skills to intellectually discuss various issues in global society (specific English requirements are listed separately).
- (2) Students who have a strong interest in various issues in global society, respect diverse cultures and values, and can work cooperatively with others.
- (3) Students who aspire to become global leaders who will proactively and practically solve various issues in global society by mastering academic skills and deepening their understanding of academic fields related to their interests and career paths through humanities, social sciences, and science and technology.

College of International Relations

In the Department of International Relations within the College of International Relations, students systematically learn three types of essential approaches to understanding global society: language skills, theories, and area studies. Throughout this learning process, students develop a high level of foreign language proficiency and the ability to think logically, while cultivating deeper intellectual capacities to better understand cultural diversity. The college seeks students who have the will to act independently and the desire to contribute to society in terms of governance, economics, culture, and peace.

To this end, the college admits students who already possess the following abilities and motivations:

- (1) Basic academic skills necessary to analyze problems facing global society
- (2) A deep interest in the problems facing global society and the self-motivation to pursue them

- (3) Language abilities necessary to understand and explain the problems facing global society

College of Policy Science

The College of Policy Science seeks students who will challenge themselves both in practical and scholastic terms, with the aim of creating a better society through policy solutions. Thus, the College expects students to have the following academic abilities and interests upon admission:

- (1) Basic academic knowledge acquired at high school or equivalent educational institutions.
- (2) Interest in acquiring thinking skills and abilities for problem solving based on that knowledge.
- (3) Willingness to design and work on practical solutions to a wide-range of social problems.

College of Information Science and Engineering

Education and research at the College of Information Science and Engineering encompasses a wide range of topics. These relate to the core knowledge of technologies, and their application at the cutting edge.

Our educational goal is to develop specialists and researchers with expertise in utilizing computers to obtain effective and innovative solutions to unforeseen issues. Graduates of CISE will be ready to play the leading role in a variety of organizations at the global level.

With these objectives in mind, we welcome prospective students with the following qualities and attitudes.

- (1) The prospective students should have acquired logical thinking skills and fundamental understanding of mathematics and natural sciences necessary to pursue studies in information science.
- (2) For those who are to choose one of the six courses provided in Japanese, they should have sufficient Japanese proficiency to understand and produce Japanese texts, as well as the fundamental proficiency in English. For those who are to be enrolled in the course provided in English, they should be able to display sufficient command of English to pursue academic studies in the language.
- (3) They should have acquired academic underpinnings to start a wide range of studies at the tertiary education level.
- (4) They should have wide and keen interests in academic fields related to information technology.
- (5) They should be strongly motivated to acquire the fundamentals of programming.
- (6) They should have sincere motivation to acquire specialized and advanced knowledge and technologies, ethical attitudes, and leadership.
- (7) They should be fully aware of the significance of skills for problem-identifying/solving and those for communication, and are ready to improve those skills to the more advanced levels.

2. Target of This Admission Method

GLA

The College of Global Liberal Arts provides students with the comprehensive liberal arts education in English required for our globalized times. We strive to produce graduates who can put knowledge into practice to take the initiative in identifying and solving problems and can keep learning throughout their lives in a globalized society. We are looking for students who are eager to collaborate with others in a multi-cultural environment through dual-degree courses offered in Japan and Australia, and are strongly motivated to take on leadership roles contributing not only to Japan and Asia, but to the entire international community.

The dual undergraduate degree program is offered jointly by GLA at Ritsumeikan University and the Coral Bell School of Asia Pacific Affairs at the Australian National University (ANU). The two undergraduate degree programs together form an extensive, coherent system of learning, in which students aim to earn two degrees, one from each university. They study at both campuses, taking courses with the aim of generating synergies between the two degrees.

This admission method is designed to admit students with the academic aptitude, skills and interests stated in the GLA admission policy. Decisions to admit students are made based on academic records and the essay.

GS Major

The Global Studies Major within the College of International Relations aims to allow students to acquire an advanced understanding of international relations through specialized courses delivered in English. Students in the GS Major have the opportunity to discuss and study issues currently faced by the international community as part of a diverse student body. It is expected that students will have a strong desire to take full advantage of the opportunities offered by studying in English together with students of different backgrounds and that they will develop their abilities within this diverse academic community.

The College of International Relations seeks students who will actively participate in all aspects of their academic lives. It is looking to attract students who wish to make use of their knowledge of international relations and their experiences at the college to take on jobs in which they can form a bridge between their home countries, Japan, and the rest of the world as “globally minded leaders” working beyond borders.

CRPS Major

The Community and Regional Policy Studies Major of the College of Policy Science encourages students to acquire the skills necessary to solve policy problems in current societies.

The purpose of this major is to motivate students to learn how to better understand the issues which have been

occurring in communities and/or regions in the local and global context, how to elucidate the cause of the problems as well as how to create solutions, especially through the understanding of social science theories and research methodologies.

As it is expected that students from all over the world will enroll in this major, ample opportunities will be given to study a wide variety of global issues using multiple perspectives.

Students will study the following subject areas within the three CRPS programs: Sustainable Urban Policy, Regional Economy and Development; Multi-level Governance.

We are seeking ambitious and innovative students who are dedicated to developing a better future and to solving various global policy issues with the knowledge and experience acquired in our English-based major.

ISSE Course

The College of Information Science and Engineering aims to educate students to become professionals who are able to play active and leading roles in information technology teams anywhere in the world. In the Information Systems Science and Engineering Course, an English-mediated, project-based program, students will have ample opportunity to acquire skills and knowledge in information systems engineering necessary to function as innovative and competent specialists. After successful completion of the program, graduates are expected to be able to apply engineering knowledge acquired to resolve current and future issues societies face globally.

We seek to attract students from all over the world who are determined to take full advantage of the learning opportunities and diverse environment offered in the ISSE Course, with an aim to acquire leadership skills to play key roles in a globalized society. Prospective applicants to the program must have high school level knowledge of mathematics and science, and also English proficiency sufficient to understand college-level lectures and exercises. The applicants must be eager to learn new technology, and be able to work both individually and as part of a team.

- Applicants do not need to come to Ritsumeikan University for the interview.
- The handling of lateness is defined. Make sure to check the information sent to the e-mail address registered in the application system.
- Please be prepared to connect to the online interview by the designated start time. If you do not connect to the interview and fail to respond to calls from the University within the time span specified in the interview information provided by the University, you will be deemed absent.

IMPORTANT NOTES

- ❑ The interview dates may be changed due to unforeseen circumstances.
- ❑ The University will not bear any responsibility for the cost incurred due to a change of interview date.
- ❑ If any changes are made to the interview arrangements, the University will inform the applicants.
- ❑ The University will not reschedule interviews for applicants who do not attend the scheduled interview because of illness, accident, or any other reasons.

9. Notification of Results

(1) Notification of Application Number

The application number will be used for identification of applicants throughout the application and enrollment procedures. Applicants will be notified of their application numbers through TAO:

GLA: on the date of notification of results.

GS Major CRPS Major ISSE Course: before they receive the notification of the interview.

(2) Notification of Results

Admission results will be announced through TAO (Click the "View my screening results" button under the completed application) at 9:30 AM on the date indicated as "Final result" in 4. Application Periods and Other Key Dates.

The University will also notify the results to the principal of the high school.

Applicants who are absent from an interview (or leave partway through) will not be considered for screening.

The University will not provide any further information regarding the results.

10. Notes for Applicants

Admissions Support for Applicants with Disabilities or Medical Conditions

If an applicant requires special assistance during the admission process and/or class work after admission due to illness, injury, or physical disability, please contact the International Admissions Office one month prior to the beginning of each application period. In case of delay of contact or depending on the content of the request, the University might not be able to confirm necessary support measures in advance. People considering an application should contact the International Admissions Office as soon as possible. Information about requests will be shared with relevant sections of the University.

Regarding Application Misconduct

1. The following acts are considered misconduct:

- (1) Falsification, fabrication, or plagiarism of information or documents submitted at the time of application
- (2) After acceptance, submission of original documents or certified true copies with discrepancies from documents submitted at the time of application that are considered falsifications or fabrications
- (3) Cheating. For example, placing memos or materials to be referenced during interviews, receiving answers from others, etc.
- (4) Having someone else assume the identity of the applicant to attend an interview or prepare application documents on their behalf
- (5) Assisting other applicants in cheating by giving them information regarding the contents of the interview
- (6) Using electronic devices, such as mobile phones, smartphones, wearable devices (such as smartwatches), electronic dictionaries, or voice recorders during an interview
- (7) Allowing anyone other than the applicant to enter the interview room
- (8) Using a computer for a purpose other than the online interview
- (9) Bringing non-permitted items into the interview room
- (10) During an interview, acting in a suspicious manner, such as frequently taking one's eyes off the webcam
- (11) During an interview, operating a cell phone or smartphone for purposes other than receiving calls or communications from the University
- (12) Sharing the URL or link to an online interview with anyone other than the applicant
- (13) Filming, recording, videotaping or distributing information to outside parties during the interview time

2. In addition to the acts above, the following may also be considered misconduct. If an applicant does not follow the instructions of the University and is recognized to have committed misconduct, the treatment will be the same as above.

- (1) Making false statements regarding the interview for one's benefit or the benefit of other applicants
- (2) Disobeying the instructions of the interviewers or staff
- (3) Any other acts that may impair the fairness of the interview

3. Treatment of Misconduct:

- An applicant who commits any of the above acts of misconduct will not be eligible to apply for the same enrollment year. In addition, all previously submitted applications for the same enrollment year will also be invalidated. The application fee will not be refunded. A criminal complaint may also be filed with the police.
- If application misconduct is found after enrollment, enrollment will be revoked.

GLA

- (1) At the College of Global Liberal Arts (GLA), all students aim to earn two bachelor's degrees within four years — one from Ritsumeikan University (RU) and one from The Australian National University (ANU) — under an agreement between the two universities.

After admission to Ritsumeikan University, students who meet both the *English Language Requirement* and the *Academic Requirement* (outlined below) at the end of the semester in which they have taken courses totaling 32 credits (in principle, at the end of the second semester) will be eligible for an admission evaluation conducted by ANU. If admitted by ANU, students will be able to begin taking courses offered by ANU and continue working toward earning degrees from both universities.

The admission evaluation by ANU is conducted only once while enrolled at Ritsumeikan University. Students who do not meet the requirements or who are not admitted through ANU's evaluation will continue in the RU Major (the single degree track) and pursue the Bachelor of Global Liberal Arts degree awarded by Ritsumeikan University. In such cases, from the second year onward, the tuition fee for the RU Major will apply. This fee is the same as the first-year tuition fee for the RU-ANU Major.

Should changes in circumstances within or outside Australia, or unforeseen personal events, make it impossible for students to enroll in courses at ANU, they will still be able to continue their studies in the RU Major at Ritsumeikan University and pursue the completion of a Bachelor of Global Liberal Arts degree awarded by

English Language Requirement:

Students must meet the English language requirements specified in the ANU Policy: English language admission requirements and post-admission support.

Details of the policy can be found here: https://policies.anu.edu.au/ppl/document/ANUP_000408

Even if students have achieved the required English standard before the admission evaluation, they may be required to submit a new English test score that satisfies the ANU policy requirements in effect at the time of the evaluation.

Academic Requirement:

Students must achieve a GPA of 2.00 or higher at Ritsumeikan University.

Courses graded as “F” are included in the GPA calculation, while courses officially withdrawn within the designated period are not.

- (2) Following the tradition of liberal arts education, GLA strongly encourages students to live in the University dormitory, OIC Global house (OIC G-House). This would provide them with an educational environment promoting ongoing learning outside the classroom and library. The duration of stay at OIC G-House will be until students leave to study at ANU. After returning to Ritsumeikan University, the University will introduce students to resources to help them find housing independently.
- (3) To facilitate students' transition into the program through actual learning experiences, GLA conducts pre-enrollment sessions for students accepted into the dual degree program.
As the GLA curriculum covers diverse disciplines across humanities and sciences, students can customize their academic experiences according to their study interests as well as educational, professional, and personal goals. To prepare for such a new learning environment, students will be provided with information about the GLA curriculum and courses. The sessions also help students become familiar with taking a longer-term perspective in planning their courses of study for the next four years.
*Further details regarding the sessions will be provided to accepted applicants.
- (4) Australian domestic students who hold citizenship of a country other than Australia or New Zealand, including dual citizens, are eligible to apply through Ritsumeikan University. They will be enrolled at ANU as an Australian international student for the duration of the dual degree program. They cannot change their status to an Australian domestic student for the Australian component of the Program. As an Australian international student, they will continue to pay tuition fees to Ritsumeikan University, and will be enrolled at ANU as an international student.

GS Major

Students who receive scores below 520 on the TOEFL® ITP test that they take after entering Ritsumeikan University may not be able to take some of the courses required for graduation from the first semester until they achieve 520. They will also have to take intensive English courses in order to improve their English until they achieve 520.

Enrollment Procedure

- Enrollment procedures consist of paying enrollment procedure fees (admission fee and tuition fees) and submitting the required enrollment documents.
- These procedures must be completed within the designated time periods.
- Further information will be instructed to successful applicants with notification of the application results by E-mail.

IMPORTANT NOTE

- ☐ **If applicants do not complete the procedures by the final date of each period, enrollment into the University will be cancelled.**

(3) Refund of Tuition Fees When a Student Cancels Enrollment

If a successful applicant cancels enrollment by March 31, 2026 for April 2026 Enrollment / September 25, 2026 for September 2026 Enrollment by submitting the designated form, "Notification of Enrollment Withdrawal and Refund Form", tuition fees and membership fees will be refunded to the applicant.

- The admission fee will not be refunded in any circumstances.
- No claims for refund will be accepted on or after April 1, 2026 for April 2026 Enrollment / September 26, 2026 for September 2026 Enrollment.
- For a copy of the designated form, please consult the refund policy, which can be found on the "[After Admission](https://en.ritsumeikan.ac.jp/e-ug/apply/afteradmissions.html)" website: en.ritsumeikan.ac.jp/e-ug/apply/afteradmissions.html.

3. Submitting Enrollment Documents

Certain enrollment documents must be submitted through the online enrollment system while other documents must be submitted by post. Refer to details on the "[After Admission](https://en.ritsumeikan.ac.jp/e-ug/apply/afteradmissions.html)" website for successful applicants.

Documents that must be submitted by post

- Successful applicants living outside Japan must use traceable EMS or a courier service (DHL, FedEx, OCS, etc.) to submit enrollment documents.
- Successful applicants living in Japan must use registered express mail (簡易書留速達郵便, Kanikakitome Sokutatsu Yubin) to submit enrollment documents.
- The package containing the enrollment documents **must be postmarked or collected by the courier service by designated deadlines.**
- Official digital documents can be submitted online directly from the issuing body, such as educational institutions (e.g., high schools), governments, exam boards, or test providers.
- Certain documents such as TOEFL® Score Reports and SAT Scores must be sent directly to the University from the official body. Ritsumeikan University's institution codes are as follows:
 - TOEFL®:0659

- SAT: 5766

Admission Fee, Tuition Fees, and Other Membership Fees

1. University Fees and Other Fees for Students Enrolling in 2026

Please refer to the following URL (https://en.ritsumeai.ac.jp/e-ug/financial_info/fees.html/) for information on tuition and fees. Please note that until the tuition and fees for students entering in 2026 are finalized, the amounts shown are those applied to students entering in 2025 and are provided for reference only. The information will be updated once the 2026 tuition and fees are confirmed.

Status of Residence in Japan and Procedures to Enter Japan (International Students Only)

1. Status of Residence of International Students

In principle, individuals without Japanese nationality or a valid status of residence in Japan must acquire the status of residence “Student” in order to enter Japan as a university student. International students at Ritsumeikan University are, in many cases, required to possess the status of residence “Student” in order to apply for scholarships.

2. COE and Obtaining a Student Visa

In order to acquire the status of residence “Student”, individuals without Japanese nationality must show a “Student” visa at the immigration control when entering Japan. A “Student” visa will be issued at a Japanese embassy or consulate in the country or region of residence.

To apply for a “Student” visa, students will need to submit a “Certificate of Eligibility (COE)”. The COE can only be issued by the immigration bureau in Japan (Immigration Services Agency of Japan) when the proxy in Japan, such as the University students intend to enroll at, makes an application on their behalf.

The University will apply for the COE on behalf of the successful applicants from outside Japan only when we judge that a COE is necessary for them and that they meet all the following requirements.

- (1) Applicant is currently living outside of Japan and requires a COE to obtain a “Student” visa.
- (2) Applicant has paid the admission fee, tuition fee(s), and other required fee by the stipulated deadline.
- (3) Applicant has submitted all the required documents by the stipulated deadline and can prove that they have sufficient finances available to cover their period of study.

Before applying for the COE on behalf of the successful applicants, the University must confirm the applicant’s intent to enroll. The University considers payment of all required enrollment procedure fees by the successful applicants to be a confirmation of their intent to enroll.

Applicants who are to obtain a “Student” visa, must submit the required documents during the “Document Submission 1” period specified in 3. Submitting Enrollment Documents.

More information about the procedures relating to acquiring a status of residence in Japan will be provided on the [“After Admission”](#) website

NOTE

- Those with Japanese nationality and those living in Japan who possess a valid Japanese residence card with a valid residence status do not need to apply for a Certificate of Eligibility (COE).
- The University will not provide support for students who intend to apply for visa types other than the “Student” visa.
- For those in Japan on a “Short-Term Stay” travel visa: Ritsumeikan University does not accept applications to change a person’s residence status from “Short-Term Stay” to “Student” while in Japan.

Scholarships *Following scholarships may be subject to change.

1. Ritsumeikan University Tuition Reduction Scholarship for International Students

This scholarship is only for students who possess the status of residence “Student” by the time of enrollment and who need financial support to pursue their study at the University. A tuition reduction of at least 20% is awarded, with 50% and 100% offered to the most outstanding applicants. The recipients and amount of tuition reduction will be determined based on applicants’ screening results.

*** The Tuition Reduction scheme from the 2027 academic year onward is currently undecided. While changes from the current configuration are being planned, whether to enact changes or to retain the current format will be decided at a later date.**

- Students in their second year and above who have fulfilled the grade criteria are able to apply for tuition reduction. Tuition reduction category selection will be based on the grades that the student has obtained.
- Information on other scholarships is also available on the website: en.ritsumei.ac.jp/e-ug/

Tuition Reduction Category	Amount of Tuition Reduction	Number of Students Accepted	Eligibility	Period
Undergraduate Category I	100% Reduction	Top 10% or less of the admissions capacity	Those who possess the status of residence "Student" by the time of enrollment.	One Year
Undergraduate Category II	50% Reduction	The next 10% or less of the admissions capacity		
Undergraduate Category III	20% Reduction	All other admitted students not receiving a Category I or II reduction		

2. Other Scholarships Offered while Studying at ANU

GLA

Scholarships for GLA Students

- The College of Global Liberal Arts offers two scholarships to all the GLA students who study at the Australian National University (ANU) in the dual degree program: The College of Global Liberal Arts Scholarship for Study Abroad (700,000 JPY) and the Ritsumeikan University Study Abroad Challenge Scholarship (300,000 JPY).
- Although students can receive both at the same time, they may not be paid in combination with other scholarships specified in university policies.
