1. COE Application Procedures

A student visa is required for all international students entering Japan for the purpose of study. To apply for a visa, students must first obtain a "Certificate of Eligibility (COE, 在留資格認定証明書)" from the Japanese Immigration Services Agency (ISA). Ritsumeikan University (RU) will apply by proxy for a COE for incoming students.

In some cases, RU may decide not to apply for their COE even if they meet the requirements.

The conditions are that he/she;

- a) Has no valid residence card (在留カード)
- b) Plans to obtain the status of residence "Student" to attend RU*Students planning to acquire a status of residence other than "Student" must apply for a COE by themselves.
- c) Appoints only RU as a proxy for COE application
- d) Showed intention of enrollment by paying all the fees necessary by the deadlines
- e) Submits all required COE application documents in acceptable forms by the instructed deadline

5. FAQ

Passport

- Q1. I have lost my old passport, and I don't have all my entry and exit history.
- A1. Please inform the International Admissions Office. E-mail: ru-iao2@st.ritsumei.ac.jp
- Q2. I am currently applying to renew my passport. What should I do?
- A2. You can still apply for a COE while your passport is being renewed. However, the COE will not be issued until you submit your new passport, even if the process is completed. Therefore, please submit your new passport to the International Admissions Office once you have received it. If you anticipate that it will take longer to renew your passport, please contact the International Admissions Office. If you also plan to change the name on your passport at the time of passport

renewal, please read Q&A 3. below.

- Q3. I am planning to change the name on my passport before entering Japan, is it OK?
- A3. The name on your passport that you will use to enter Japan and the name on your COE must correspond. If you change your name on your passport while applying for a COE, you will need to withdraw your COE application and re-apply.

Financial Evidence

- Q4. Who should be my financial supporter?
- A4. In principle, your financial supporter should be your parents or other direct relatives. You can have more than one financial supporter. At least one of them must have a regular income.
- Q5. Do I need to submit proof of income even if my tuition fees and living expenses can be entirely funded out of the savings of my financial supporter?
- A5. Yes. The income information of your financial supporter is required for a COE application form. For a smooth COE application, it is indispensable to demonstrate a consistent and stable financial ability to cover expenses through graduation.
- Q6. I am planning to submit only a Certificate of Bank Balance in my name as proof of my ability to pay expenses, is it OK?
- A6. If your bank statement shows a bank balance equal to or exceeding the total amount of your living expenses and tuition fees until graduation, we can apply for your COE. If not, please provide the Proof of Income and the Certificate of Bank Balance of your financial supporter(s).
- Q7. I plan to work part-time after entering Japan. Can I include the salary from that part-time job in my method of financial support?
- A7. No, you cannot. You can only apply for a COE for a student visa on the premise that you have sufficient funds to cover your living expenses and tuition fees without having to work in Japan.
- Q8. Can I submit another financial document instead of a Certificate of Bank Balance or Proof of Income?
- A8. In principle, we do not accept any type of financial statement, such as credit card transactions, investment statements or capital assets statements.

? COE Application up to COE issuance

- Q9. I have not received any notification that my COE has been issued, although it has been a long time since I applied. What should I do?
- A9. If there is a high volume of applications at the ISA, it may take some time before the COE is issued.

We will contact you as soon as your COE is issued.

- Q10. Can I be informed about the status of the screening process?
- A10. As the ISA does not disclose information on the progress of your COE application, RU cannot respond to inquiries concerning this matter.

Yisa Application

- Q11. What documents do I need to prepare for a visa application?
- A11. Please contact the Japanese Embassy/Consulate General where you intend to apply for the visa.

P Entering Japan

- Q12. When should I enter Japan?
- A12. Student visas are issued to those entering Japan for the purpose of study. Arriving too early before the start of the semester is therefore not recommended. For this reason, we advise students to enter Japan within one month before the start of the semester. (Spring Enrollment: in March; Fall Enrollment: in September).
