**Dr. Fahlesa Munabari**

Faculty of Social Sciences and Global Studies,  
Universitas Budi Luhur / Senior Lecturer

## The Gas and Brake Policy: Indonesia's COVID-19 Securitization Dilemmas

The presenter will talk about how the Indonesian government responded to a dilemma between public health and security measures to deal with the economic and public health impacts of the COVID-19 pandemic. The presenter shows that policymakers in Indonesia have used a 'Gas and Brake' policy to resolve the securitization dilemma and to justify tightening or easing social restrictions by changing the security narrative throughout the pandemic.
