

January 9th, 2024,
Tuesday

13:30-14:30

The 63rd
AJI Frontier Seminar

Jama Hotel, Malang, Indonesia | 17-18 July.

Presentation:

Dr. Dinia Rizqi DwijayantiSenior Researcher, Asia-Japan Research
Institute, Ritsumeikan University

Jamu: Harnessing Indonesia's Herbal Wisdom for Diabetes Therapy

Diabetes is a significant global health issue that affects millions of people worldwide. Recently, the use of traditional medicine for the treatment of diabetes has gained attention in various parts of the world, including jamu in Indonesia. In this research, jamu is being investigated for its bioactivity in treating diabetes to provide an in-depth understanding of the associated mechanisms.
