

Governing Outer Space: Challenges and Opportunities

Date:

10:40–12:10 May 29, 2024

Place: **KS303** (Koshinkan)

Speaker: Adam Bower

(Senior Lecturer, University of St. Andrews)

Dr. Bower joined the School of International Relations at the University of St. Andrews in October 2015. His work addresses questions of institutional change and efficacy specifically concerning conventional weapons disarmament, international justice (especially the International Criminal Court), and space governance.
