

Commemorative Lecture by Dr. Park Jin: “Korea-Japan Partnership for the Future: Economy, Security, Technology and Culture”

On Tuesday, May 13, 2025, the Ritsumeikan Center for East Asian Peace and Cooperation Studies hosted a commemorative lecture titled “Korea-Japan Partnership for the Future: Economy, Security, Technology and Culture” by Dr. Park Jin, the former Minister of Foreign Affairs of the Republic of Korea.

Celebrating the 60th anniversary of the normalization of diplomatic relations between Japan and South Korea, the event offered an extraordinary opportunity to hear lecture directly from the former foreign minister with extensive experience in steering ROK diplomacy at its highest level.

In his lecture, Dr. Park outlined the future path of Japan-South Korea relations, organizing his discussion around four key areas: economic cooperation, security, technology, and culture. He provided in-depth insights into the challenges both countries must address collaboratively in each of these domains.

Furthermore, he emphasized the importance of maintaining a friendly and cooperative relation between Japan and South Korea—neighboring countries facing a rapidly changing international environment—to respond effectively to global shifts.

The Ritsumeikan University Center for East Asian Peace and Cooperation Studies actively promotes academic exchanges across linguistic and disciplinary boundaries through collaboration with various research organizations.
