

2025 Kyoto Peace Islands Network Organization(PINO) Forum was held

On Tuesday, October 14, 2025, the Ritsumeikan Center for East Asian Peace and Cooperation hosted the 2025 Kyoto Peace Islands Network Organization (PINO) Forum in collaboration with the World Associations for Environmental, Social, and Governance (WAESG).

At this event, in-depth discussions were held on key global issues—such as environmental protection and peacekeeping—where international cooperation plays an essential role. The discussions covered a wide range of topics related to peace and international collaboration, including ideas for peace diplomacy through cooperation with the United Nations, and regional peacebuilding and diplomatic strategies to prevent tragedies like the Jeju April 3 Incident and the civilian massacres and persecutions in Okinawa during World War II from ever happening again.

The Ritsumeikan Center for East Asian Peace and Cooperation actively promotes academic exchange with various research organizations, transcending language and disciplinary boundaries.
